

Rat Time

Plus Fun Facts

ratsratsratsrats!!!!

lots o rrats everywhere, it is rat time, actully everytime is rat time. Rat time rat time read all about it!!!

Fun Facts:

Rats ears turn pink when they are happy

Rats are tickleish and they like t obe ticjkled

Ratys are emipathic, when two rats are put in cages next t eah other, and only one rat is given food, the rat weith the food will save some for the rat not reciving food.

Rats are very affentionate and playful with theior people.

Rats are not the culprit of the black plauge, it was lice/fleas, rats were occosinly carriers of the infected fleas, but the fleas could be carried by any living being, even cloth!

Pea phising, is a fun game for rats

Round rats are very good, we liike round rats very much, the more spherical the better (i.e golden ratio)

Pirate rats. YES!

RATZ

Ratsratsratsrats!!! Rat time! This has been rat time!
